

County Fundraising Resource Kit

The California 4-H Youth Development Office and The California 4-H Foundation are pleased to provide this fundraising resource kit to assist 4-H clubs and groups with local fundraising.

We are providing this information as a guide and a starting place to help with resource development on the local level. Where possible, we have set agreements in place to make it easier to begin fundraising and have included portfolios with information from these vendors (Clover Publishing and OC Roasters).

Policy guidelines related to fundraising can be found in the 4-H Policy Manual, Section 703 and in the 4-H Treasurers Manual, Section 3: "Income & Fundraising" <http://ca4h.org/4hresource/handbook/index.asp>

An electronic version of The County Fundraising Resource Kit can be found on-line at <http://ca4h.org/foundation/county/>. Please continue to check the website for updates or new information about local fundraising ideas.

September 2004

Good luck with your fundraiser!
