Every effort will be made to maintain a working PA system to carry class calls; however, no protest will be upheld, nor will any class be changed on the basis of a PA malfunction alone. In classes where horses compete collectively, after the warning is issued that competitors are to appear at the in-gate ready to participate, the in-gate will be closed two minutes after the first horse enters the ring.

HELP NEEDED FOR SOUTHERN REGION 4-H HORSE CLASSIC
FEBRUARY 12 - 15, 2010
Fairplex, Pomona

****All exhibitors must volunteer a minimum of 2 hours during this event. This time requirement can be completed by the exhibitor, parent, family member, etc. Please fill out the volunteer form found in this packet or contact the volunteer coordinator to schedule your volunteer time:**

Reminder: volunteers from throughout the Southern Region put on this show. We need your help to make this show a success. We are hoping for a large turnout and we have four very long days ahead of us. Please help us out by volunteering. Remember, the members are supposed to be doing everything themselves, why not volunteer to help the show committee for a while during the day.

Ring steward – adult or older 4-H member. This job does not need to be just one person all day. We will be running two arenas both show days. Please dress appropriately for the arena (Judge is dressed professionally; ring steward should also look professional). One person could do more than one day if they wish. **Job description:** Help call the class to order, assist the judge, relay directions to the announcer from the judge, and help ribbon kids with ribbons in ring.

Announcer – adult with good speaking ability that can give clear directions to the contestants in the arena. We will need two people minimum each day.

Awards – great job for members who are not showing, again they need to dress appropriately for the arena. **ALSO**, an adult is needed to assist the ribbon kids, give them the ribbons and neatly put back any unused ribbons with a count at the end of the day.

Paddock gate – We need to be able to move this show along at a brisk pace. Someone is need at the back gate to get the classes in quickly, have the exhibitors ready to go when the announcer calls the class into the ring. Adults are usually best for this job (someone bossy but not to offensive and with good people skills!!). One person per ring per day/show is needed but one person does not need to do this job the entire day/show.

Jump crew – we need to set up jumps during a break on Sunday. Any exhibitor jumping must have at least one representative helping on jump crew. The crew needs to get all the jumps loaded onto a truck then moved into the ring and set up. During the show help is needed periodically to raise fence heights, re-set any downed rails. Help is also needed at the end of Sunday afternoon to remove all the jumps from the ring and return them to the room where they belong. A barn call will be made when we need help.

Trail crew – Monday help is needed to load the equipment needed for trail onto a truck and set the course in the arena. Equipment also needs to be removed from the ring and returned to the room where it belongs. An announcement will be made when we need help. Any exhibitor riding in trail needs to have at least one representative to help with set-up and tear down.

Gymkhana – help is needed to set each course, re-set knock downs and rake after runs.

Office help – anyone wishing to help out in the office during the day would be greatly appreciated. We all have our own children showing and it would be wonderful if the office staff could see their own children in some of their classes. Check in time in the morning is the busiest in the office but during the day other things need to be done, highpoint, gate releases, class sheets, etc. During the educational events help is needed for scoring, grading tests, awards, etc.

Runners – great job for members who are not showing. Runners take class sheets back and forth from office to the announcer and the in-gate. Runners also help with taking drinks etc. to judge and announcer or where needed.

Hippology competition – help is needed to oversee testing, keep time, and help out during the event. We also need help after each portion of the competition to score tests and tabulate the scores for awards.

Horse Bowl – two score keepers are needed, one to sit next to the judges and one to keep score on an easel. We also need someone to work the buzzer system. After the competition scores must be tallied.

Judging – group leaders are needed during the competition to oversee contestants, horses to be used for the judging competition (we prefer to use horses that are not member's horses). We may need handlers to lead halter horses. Help is needed to organize our volunteers with horses, getting them into the ring, getting numbers on the participants, etc. Again, after the competition we have to do all the scoring.

Public speaking/Demonstrations – We need help keep things going, timers, etc.

There may be other jobs that come up or you may think of something you could do to help. Please feel free to call our volunteer coordinator : **Lynn Warren (951) 845-7730** lynn@showcaseminatures.com . Once again, volunteers put on this show; anything you could do to help will make the show run smoother.

 - a. The contest will be a double elimination competition.
 - b. Each match will be divided into two (2) sections based on a suggested total of 40 questions.
 - c. In the first part of the match, during the one-on-one competition, only one member of each team will be eligible to respond to a question. This eligibility will rotate with each question beginning with the number 1 players on each team, and passing to the number 2, 3 and 4 contestants of each team, respectively, until all the one-on-one questions have been asked. The number of questions asked during the first part of the game should be evenly divisible by 4 to assure each team member an opportunity to respond to the same number of questions (i.e. 20 questions).
 - d. During the second part of the match any individual on either team may respond to a question (20 total questions).
 - e. The contestant activating the buzzer shall have five (5) seconds, AFTER HAVING BEEN RECOGNIZED BY THE MODERATOR, to begin the answer to the question. If the buzzer is activated during the reading of any question, the moderator immediately will cease reading the question.
 - f. The moderator will continue reading questions until all questions have been asked.
 - g. If a question is thrown out either due to poor reading by the moderator or a decision of the referee judges, it will be replaced by another question so that the total number of questions to be asked remains consistent.
 - h. Either team captain or coach, or the moderator may call for a "time out" for clarification of a rule, to permit replacement of a team member, or to allow for unexpected problems. These "time outs" may be called only after a question has been answered and before the start of the next question.

3. Starting the Contest

- a. Teams are assembled and seated at their respective panels and each contestant given the opportunity to check the equipment.
- b. A team captain is designated and is seated at the direction of the moderator in position number one.
- c. The question packet is opened by the moderator.
- d. The moderator reads the first question (as with all succeeding questions) until the completion of the reading of the question or until such time as a contestant activates a buzzer. If a buzzer is activated during the reading of any question, the moderator immediately will cease reading the question.
- e. The contestant activating the buzzer shall have five (5) seconds AFTER HAVING BEEN RECOGNIZED BY THE MODERATOR to begin the answer to the question.
 - i. The repeating of the question by the contestant shall not be considered the initiation of an answer.
 - ii. It shall be the responsibility of the moderator and the referee judges to determine if an actual answer is started within the 5-second period.
- f. If the answer to a question, whether read to completion or not, is incorrect that same question will be turned over to the other team. If the question was read to completion, it will not be read again. If not read to completion the moderator will reread the question for the other team. If answered correctly the appropriate points will be awarded. If answered incorrectly no penalty points will be imposed.
- g. If a member of a team activates a buzzer and an answer has not been started within the 5 second allowable time, the question will be turned over to the other team.

4. One-On-One Questions

- a. The moderator shall indicate clearly the start of one-on-one play.
- b. Each question shall be addressed to only one member of each team, beginning with the number 1 contestant of each team and progressing with subsequent questions to the number 2, 3 and 4 contestants, respectively.
- c. The moderator shall indicate prior to the reading of each question which two contestants are eligible to respond.
 - i. If any contestant other than the two designated contestants responds, that individual will receive a warning. If any contestant responds more than twice to questions directed to another contestant, they shall be replaced by the alternate if available. If no alternate is available, the remainder of the match will be played with less than the full team, and all questions normally addressed to the eliminated contestant will be addressed only to the opposing contestant.
- d. The point value of a response to one-on-one question will be as follows:
 - i. Correct response = + 1 (individual and team)
 - ii. Incorrect response = no loss of points
 - iii. If both contestants to whom a question is addressed fail to signal an intent to attempt an answer in the 5- second allowed time, neither contestant nor team shall lose or gain any points. The answer will be given and the next question read.

5. Toss-Up Questions

- a. The moderator shall indicate clearly the start of toss-up questions.
- b. The point value of a response to a toss-up question will be as follows:
 - i. Correct response = +1 point (individual and team)
 - ii. Incorrect response = no loss of points
 - iii. If no contestant signals intent to attempt an answer in the 5- second allowed time, neither contestant nor team shall lose or gain any points. The answer will be given and the next question read.

6. Completing the Contest

- a. Following the final question, the team with the highest number of points shall be declared the winner of that match.
- b. In the event of a tie after the designated number of questions, five (5) additional toss-up questions will be asked. If a tie still remains after the overtime, additional questions will be asked and the first team to win a point will be declared the winner. Tie breaker points do NOT get added to individual scores.
- c. Once the moderator has declared a winner based on the scores, there shall be no protest.
- d. There shall be no protest of any questions or answers following the declaration of the winner.

Protesting

1. The protest of a question or answer to a question may be made only by a team captain or coach and then only at the time a particular question is read or the answer is given. The moderator and the referee judges will consider the protest, and their decision in all cases is final.
2. When protest is made, play will be suspended until the protest is resolved.
 - a. The protesting team and coach will be given 3 minutes to support their protest.
 - b. Reference source material will be available in the contest room for their use.
 - c. A 1-point team penalty will be assessed if the protest is not upheld.
3. If a protest is sustained, the moderator will take on of the following actions as is deemed appropriate:
 - a. A question is protested before an answer is given and the protest sustained – discard the question. A substitute will be read.
 - b. An answer is protested (either correct or incorrect) – at least on of the referee judges and the moderator or both referee judges determine the validity of the protest. Points will be added as appropriate.
 - c. A question is protested after an answer is given (correct or incorrect) – at least on referee judge and the moderator or both referee judges determine the validity of the protest of the question. The question may then be discarded at no loss of points and a substitute question will be read, or the question may be allowed with the appropriate gain of points as in 3b above.

 - a. Dismissal of team coach from the contest area.

5. Spectators, parents and visitors may not protest any question, answer or procedure during the course of play. They may, however, submit in writing to the contest officials any suggestions, complaints or protests at the conclusion of the contest. Unseemly behavior, unsportsmanlike conduct or any actions, which are generally accepted as detrimental to the contest, may subject the perpetrators of such actions to dismissal from the immediate area of the contest.
6. No source of information is infallible. There may at times be answers given to questions which are in agreement with the recommended sources, which are in fact erroneous or out of date. Every effort shall be made to eliminate such questions, but in the event of such occurrence, the referee judges and moderator may agree to:
 - a. To accept the answer and give an explanation of the correct or up-dated information for future use of the question.
